Click play for a brief overview:

Overview

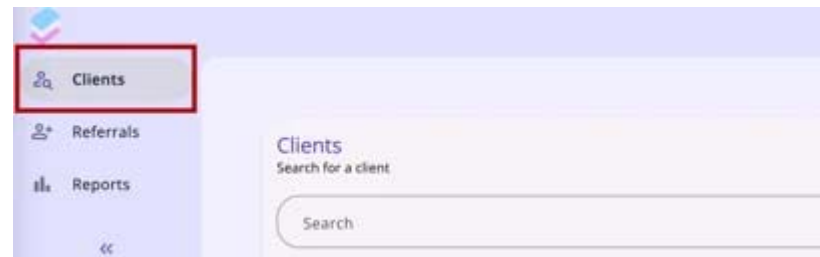

Staff members search for and [create new client records](#) from the new client record, staff members should always use the search function for that client already exists in the system.

Setting the Client Search Page as the Home Screen

The Clients Search page can be set as the "home" screen — the screen when they log into the system — by selecting "Client Search" for an agency's [OVERVIEW page](#); or, if the agency is using a different screen, members can select "Client Search" for the **Home Screen Overview**.

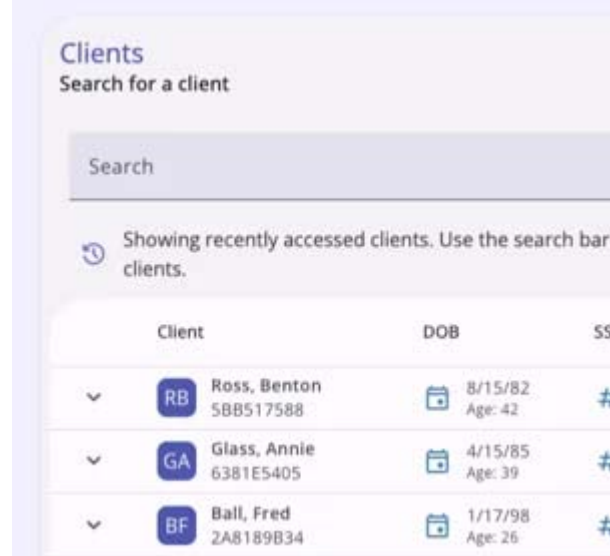

Accessing the Client Search Page

To access the Clients Search page from anywhere in the system, click the navigation menu.

Recently Accessed Clients

Records you recently viewed will appear below the search bar. They will be displayed when you log back in and view the Clients Search page. Click the client name in the recently accessed section to view the associated client record.

Searching for Clients

To search for a client record that has been entered into Clarity HR, follow the steps below. Enter the search criteria into the search field, then press the *Enter/Return* key to execute the search.

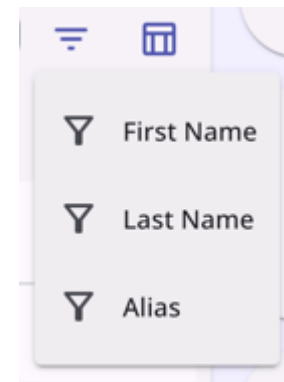

- First name or last name (full or at least first 3 letters)
- Full Unique Identifier
- Full Social Security Number or last 4 digits of Social Security Number
- Date of Birth (e.g. 12/12/1985, 12.12.1985, 12-12-1985, 12/12/85)
- Year of birth (e.g. 1985)

You can filter your search data by clicking on the filter icon to the left of the client name in the table.

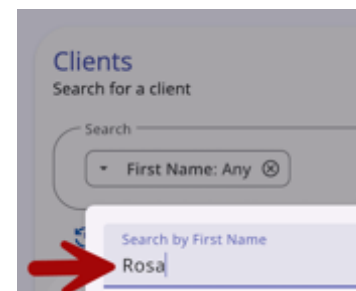

The filter options are:

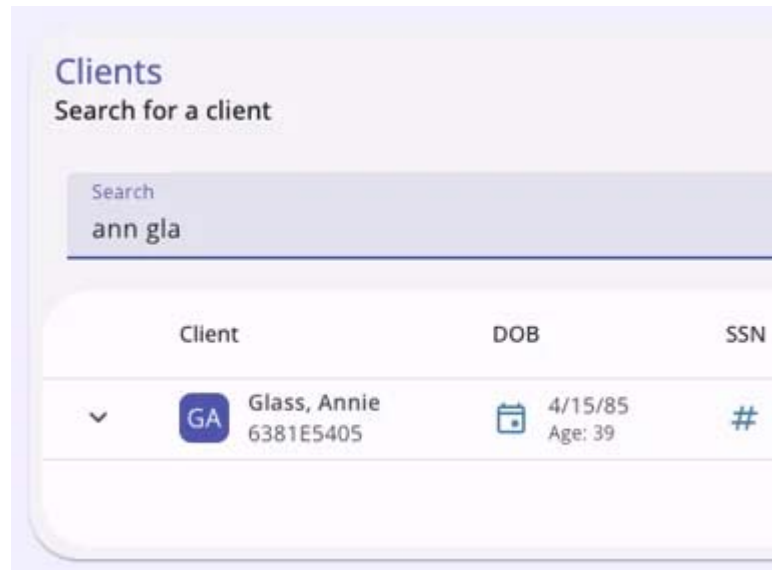

- First Name
- Last Name
- Alias

To search for a client record using one of the new filter options, click the filter icon, enter the information into the field and click your keyboard's *Enter/Return* key to search the screen.

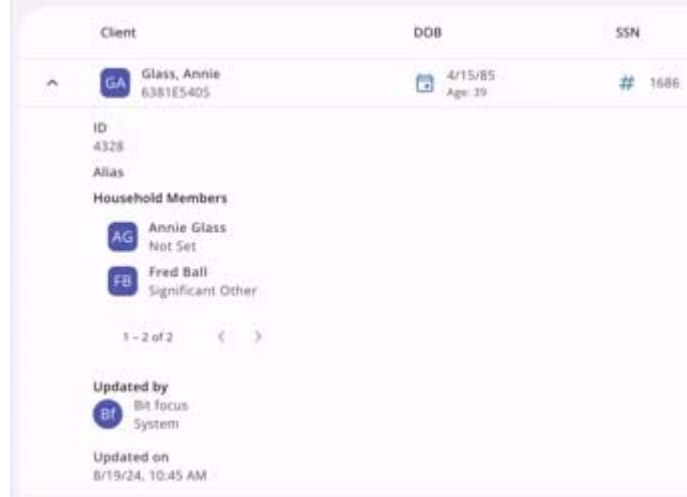

A list of clients matching your search criteria will be displayed, with four digits of the client's Social Security Number. If the **ROI Stat** enabled, an ROI column will also be included; this column indicates "No" or "Yes" or if the ROI is "Missing."

The following information can be found by clicking the drop-down name:

- ID
- Alias
- DOB
- SSN (*Last four*)
- Household Members
- Updated by (*Last user*)
- Updated on (*Date last updated*)

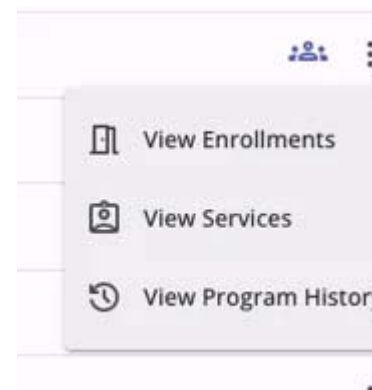

To view a client's record:

- Click anywhere on the highlighted portion of the client's record.

- Click the vertical 3-dot icon to navigate directly to the client's record, view enrollments, view services, or view program history.

Auto Suggest Setting

Clarity Human Services has an **Auto Suggest** setting that allows you begin typing in the search field. This feature can be enabled |

Account Settings.

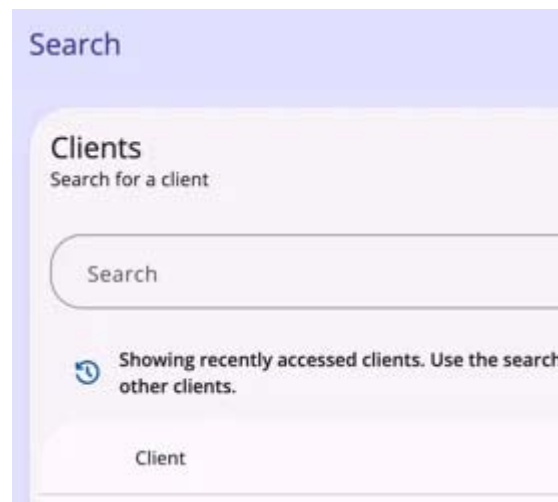

Note: Search results are subject to sharing settings.

Additional Search Option

An additional client search option is available by clicking on the search icon on the sidebar screen.

This client search option is also available throughout the new Client Search interface. When you click on the search icon, a window appears that functions like the Client Search window. It includes a search bar, filter options, a column selector, and an Add icon (for adding a new client).

Customize your Search Results View

A column selector icon is available that allows a user to add and r

Each end user can use the column selector to customize their se
will save within the user's browser. The default columns will show
default columns are:

- Client (Name and Unique Identifier)
- DOB (Date of Birth and Age)
- SSN (Last four digits of the SSN)
- ROI (Release of Information Status)
- *Household Members* icon (Icon appears if there are hous
sortable)
- *Housing Status* icon (Icon appears if client is housed only

The additional column options are:

- Alias
- Gender
- Race and Ethnicity
- Veteran Status

- Custom fields included on the user's Client Profile screen Profile screen and user's Profile Override settings.

The screenshot shows a configuration panel titled "Search fields...". It is divided into two sections: "Visible Fields" and "Collapsed Fields".

Visible Fields:

- ☒ Client
- ☒ DOB
- ☒ SSN
- ☒ ROI
- ☒ Alias
- ☒ Household Members

Collapsed Fields:

- ☒ Client ID Collap
- ☒ Updated by Collap

The selected "Visible Fields" will show below the Search box on the Client Profile screen. To view the "Collapsed Fields", click the dropdown arrow to the left of the client name to see the "Collap

The screenshot shows the "Clients" search interface. At the top, there is a search bar with the text "Search for a client". Below the search bar, there are two filters: "First Name: Rosa" and "Last Name: Monroe".

Below the filters, there is a table of results:

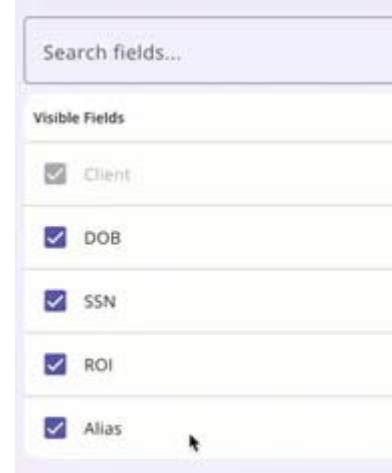

Client	SSN	ROI	DOB
☒  Monroe, Rosa (She/Her/Hers) AD63C3FF2	# 4793	Yes	

Note: The number of columns for "Visible Fields" corresponds to as many "Visible Fields" as there are columns showing between "Visible Fields" and "Collapsed Fields" based on the choice for selected fields. Higher priority fields can be moved to make sure they show on a small screen.

Client	SSN	ROI	DOB
☐ LF Lane, Fred 357BF6714	# 3333	Missing	5/23/70 Age: 54
☐ FI Flower, Iris F565C146B	# 1111	Missing	2/2/12 Age: 13
☐ MR Monroe, Rosa (She/Her/Hers) AD63C3FF2	# 4793	Yes	3/24/71 Age: 54
☐ MI Monroe, Iris C967BF20E	# 7777	Yes	2/12/12 Age: 13

End Users can click the empty checkbox next to a selection to add or click a checked checkbox next to a selection to remove a color. Client (Name and Unique Identifier) column cannot be removed.

End Users can click and drag the columns within the column selection results view.

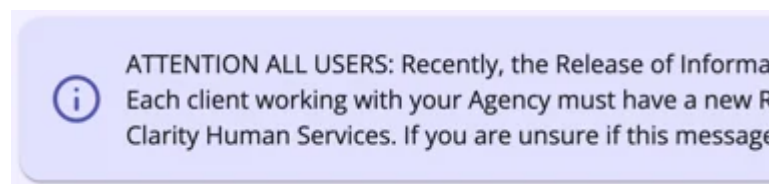

Search Page Notifications

On the [client search page](#) there may be a section above the search is shown when system administrators have information to share

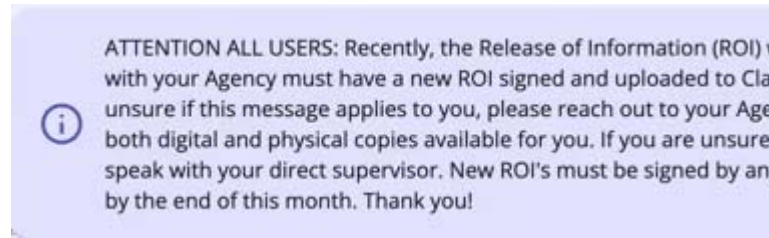

- The notification is an “info” style warning. The first 2-3 lines depending on the length of the message

- If the whole message cannot be shown because it is too long, the displayed text is truncated.

- If the user clicks on the notification, the whole message a

Creating a New Client Record

If you search for a client record and do not find it in the system, f [New Client Record?](#) article to create a record for that client.
